

Clinical Social Work at CHLA

Clinical social workers are experienced professionals who provide support in all areas of our hospital. Services offered to patients and families include:

- ❖ Patient and family evaluations
- ❖ Counseling related to hospitalization or illness that may cause emotional stress
- ❖ Emotional support during times of grief
- ❖ Crisis intervention
- ❖ Help in solving problems
- ❖ Teach coping skills (ways to deal with stress)
- ❖ Support and education related to medical treatment and other services
- ❖ Finding solutions to barriers for a safe and timely discharge
- ❖ Help during an emergency
- ❖ Education and referrals to community resources

Please call the Clinical Social Work Department for more information and to speak with a CHLA Social Worker today!
