

At Home 24-hour Urine Testing with Litholink

How do I get a test kit?

- Litholink Test Request Form (lab order) is sent by your medical provider. Please expect your kit to arrive at your home 5 to 7 business days from the date your order was placed.
- Call the clinic if you don't receive your test kit within 2 weeks:
 - 323-361-2102
- Complete all collections at least 2 weeks before your follow-up appointment.
- If you have been instructed to complete 2 collections:
 - Do these at least a week apart from each other
 - Send your first collection back once it is completed. **Do not wait to send back the first test.**
 - Complete the second test one week after you send the first test back to the lab.
- Start the test in the morning so that you have time to send out the sample via FedEx the following day (24 hours after starting the test).

How do I send my sample back to Litholink?

The sample is returned via FedEx. It may be dropped off at a FedEx location near your home or you can schedule a pick-up.

1. Call 1-800-GO FEDEX (1-800-463-3339)
2. Press "0"
3. Say "ship a package" to schedule a pick-up
