

Language and Cultural Services

Clear communication with your health care providers is very important. We follow the national standards for culturally and linguistically appropriate services (CLAS). This allows us to:

- improve the quality of health care services
- respect every patient
- respond to their health beliefs, practices, and needs

If you speak a language other than English, you have the right to ask for an interpreter. **All services are free of charge.**

For any complaints or issues, you can contact:

Children's Hospital Los Angeles Patient Relations	California Department of Public Health
