

EEG (Electroencephalogram)

How do I get my child's results?

☐ If your child has been to our CHLA Neurology Clinic, and you would like EEG results before your child's next scheduled appointment, please call the office at 323-361-2471.

☐ If your child has **NOT** been to our Neurology Clinic, BUT has an upcoming appointment, you may get results:

- At your child's Neurology appointment **OR**
- From the provider who ordered your child's EEG

☐ If your child's EEG was ordered by a provider **NOT** working at CHLA and there is NO upcoming CHLA Neurology appointment, the provider that ordered the EEG will discuss the results.

***Please note:**

- Our EEG technicians **cannot** discuss EEG results.
- Our Neurology providers **cannot** give EEG results if a child is not seen at CHLA Neurology.
